

## Now With F.M.I.

### WAITING FOR DOCK SITE?

Shell Spokesmen are noting the expenditure of \$3.2 millions in Milam County leases thus far, anticipating application to Texas Railroad Commission for mining lignite in those leases sometime after 1980.

A survey by Radiah Corp. released earlier this year identified the adequacy of most elements in Rockdale and Cameron social and public services to handle employment gained there.

That time is still three years away. But signs in Houston at Houston Ship Channel tell more of the story.

Plans are underway to begin construction on a coal processing center on Houston Ship Channel frontage which will be complete in about two years. Further frontage is being set aside there to accommodate growth perhaps double the original layout of about \$20 million.

Shell will not be the first stripmining operation in Central Texas or East Texas shipping coal from operations in this area. But the timing seems likely

to dovetail with Shell's hopes for the three-year schedule presented in public meetings the past 18 months.

Other energy companies, that is to say oil corporations are going to mining of lignite or other coals and uranium.

Shell is one of these and has chosen the lease areas in Milam County. Word is leasing is underway in Limestone County in the Mexia area and other outcroppings of lignite commercially in reach of stripmining techniques.

The whole country has learned from utilities like TP&L and smelting success stories like Alcoa, which was the first Texas company to receive its new mining authorization under new laws controlling stripe mining operations supervised by Texas Railroad Commission.

It will be interesting to see how things are built up by the thrust of Shell's stripmining in the Milam-Rockdale areas. But it will be a couple of years before Shell or anybody else has a place to send the coal over the cheapest mode of transportation, the sea.

## Milam-Areans

### Shell Estimates \$3.2 Million

A Shell Oil Company report titled "Status of Shell Oil Company's activities in the Coal Industry" noted that the Rockdale development area contained 132 million tons of saleable potential reserves. Production may begin as early as 1981, depending upon a market. The company estimates it has already spent \$3.2 million to develop the Milam County lease.

### Bartlett Plans 51st Stag Party

Tickets are on sale for the 51st annual stag party to be staged in Bartlett January 19. Governor Dolph Briscoe will be the guest speaker for the party. The event will be held at the First Baptist Church in Bartlett. Tickets are \$5 each.

### Oil Values High, Says Rose

The Milam School Board heard school tax protests during its regular meeting last week. Byron Rose, independent oil producer, presented figures and reports to the board stating that taxes on his oil properties in the district were in excess of its value. Charlie Martin read a report issued by the Texas Agency stating that schools are no longer under the minimum wage law.

### Rosebud For Master Plan

The Rosebud City Council approved a contract with the U. S. Department of Housing and Urban Development to develop a city master plan. Funds from the \$3,700 grant will also be used to develop a computerized tax, water, and sewer billing system.

### Hospital Asks Nuclear Contract

Richards Memorial Hospital in Rockdale has applied to the Texas Health Facilities Commission for authority to provide nuclear medicine services on a contract basis. Brain, lung, liver, bone, myocardial, renal and spleen scans, radiation iodine uptake, and thyroid and flow studies will be provided. Administrator Charles Upshaw estimates the hospital would average 18.5 of these scans per month.

### Benefit Set Aside For 3 In Family

Caldwell residents have set up a benefit fund to aid a local family which has three of its members suffering from serious illnesses. Accounts for the Inez Martin family are set up at the Caldwell National Bank and First State Bank. Mrs. Martin is in need of a kidney transplant donor, their six-year-old son is being treated for leukemia, and a five-month-old son has a thyroid gland condition.

### Council Hears Complaints

The Rockdale City Council has encountered complaints of problems within the city ranging from sewer difficulties, unreasonable property assessment, and poor upkeep of property by absentee landlords during last week's meeting. The council also heard a report from Council woman Margie Abbott stating that CTCOG would aid the city in requesting \$69,000 in matching state funds for recreational development.

THE WINNER WASN'T ELVIS' ROUTINE, which was good for second, but Lisa Lindley's vocal of "You Light Up My Life" won first in the annual YHS talent show sponsored by distributive education. Richard Sproull did a version of the famous rock star Elvis Presley for second, and a Dixieland band won third. Playing Dixie music were YHS bandmen Greg Willy, Beverly Slavik, Teavis Hobson, Brenda Bartley, Helen Chandler, Ellen Lucko and Karen Dodd. -- Mike Peck Photos

## Thieves Haul Off Farm Equipment

Sometime during the night of December 15, the Cobb brothers' warehouse and grain storage bins at Branchville were broken into and thousands of dollars worth

of farm equipment was taken. Milam County Sheriff Leroy Broadus reported that new rear tractor tires, front tractor tires, wrenches, assorted truck-type wheels and tires, and approximately 21-22 spools of barbed wire were taken.

## News Briefs

### Allison Joining Herald Ad Staff

Gary Allison, 25, Cameron commercial artist, will join the advertising staff of The Cameron Herald December 26, according to Eddie Allison, Herald ad manager.

Allison is a graduate of Yoe High School and is a free-lance artist on outdoor advertising signs. He has previous experience in insurance and advertising sales.

George Jones, Herald ad display man, will continue as ad layout consultant when he retires January 1, 1978.

### CDA Proposals

### For \$90,000

Housing and Urban Development Dallas regional office, has advised Cameron Community Development Agency of an allocation of \$90,000 for 1978.

The funds are termed "hold harmless" city funds from HUD. CDA officials said an application for \$90,000 will be prepared plus application for additional "discretionary funds" for the new year.

### WAREHOUSE ROBBED

The Mobil Warehouse was entered at 711 Sante Fe sometime prior to 7 a.m. Wednesday when the incident was reported to Cameron Police. The locks were broken or cut to the main door and shed. Sixty five cases of oil were taken from the main building.

Sheriff Broadus investigated the theft Friday morning. He was called to Calvert to assist Robert County Sheriff "Sonny" Elliott in investigating a burglary at the John Deere Tractor Company. However, the sheriffs decided that the two incidents were unrelated.

Sheriff Broadus also reported that while Richard Todd was appearing in District Court Friday in connection with an aggravated robbery charge, he fled from the courthouse.

Authorities captured Todd at the Safeway store about 15 to 20 minutes later. The escape occurred about 11 a.m. while Todd was consulting with his attorney.

### HOLIDAY DATES

Christmas holiday dates were announced by Dulin. Schools will dismiss at 2:30 p.m. Dec. 21. School will resume January 3.

## Expert Says Holiday 71 To Die

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today estimated that traffic accidents in Texas during the combined Christmas and New Year weekends will claim 71 lives.

He noted, however, that some of the deaths could be prevented if motorists would drive carefully and participate in the state's "Light the Way for a Safe Holiday" program.

Speir said 41 deaths are likely to occur in the Christmas period from 6 p.m. Friday, December 23 through midnight Monday, December 26.

Another 30 traffic fatalities are

## Strike Talk Set At T-dale For Farmers

Farmers are going to talk "strike" 7 p.m. Monday at Thorn-dale School Cafeteria with out-of-state organizers, according to Milam farmers Charles Fitts and Kit Worley, of Rockdale.

The spokesmen said farmers are already striking in the San Gabriel area, starting Wednesday, December 14, in line with a national deadline put forward by a group calling itself American Agriculture in Springfield, Colo.

## Unemployment Bottoms At 2.9%, Texas' Least

Milam and Hamilton Counties have the lowest unemployment percentage in Central Texas and possibly in the state, according to Texas Employment Commission data.

Both counties reported a 2.9 per cent unemployment factor with Milam County showing only 231 unemployed among employables and Hamilton County with 92 unemployed.

Average rate in the area was about 5 per cent, well below the national average of about 7.5 per cent.

Bell County showed the highest unemployment percentage with 7.2 per cent or 3,506 unemployed, Killen - Temple SMSA with 6.8 per cent.

Temple itself showed a 4.5 per cent unemployment factor, Belton 3.8.

## Spring Deadline Dec. 19 At TJC

Dr. H. C. Farrell Jr., dean, announced that TJC will again offer credit and credit free courses during the spring semester at Yoe High School in cooperation with the Cameron Public Schools.

Courses available also will include business, Czech, psychology sociology, speech or any credit course offered by TJC for which at least 15 students enroll.

The organizational meeting and registration for classes will be held at 6:30 p.m., Thursday, Jan. 5, at the Ben Milam Cafeteria located next to Yoe High School.

Dr. Farrell said it is important that all persons interested in taking a course attend the meeting because the courses to be offered will be determined at this time.

TJC also will offer any credit free course for which at least 14 students enroll. The organizational meeting for credit free courses will be held at the same time.

## Expert Says Holiday 71 To Die

estimated for the New Year holiday which extends from 6 p.m. Friday, December 30, through midnight Monday, January 2, 1978.

The "Light the Way for a Safe Holiday" program calls on all motorists in Texas to drive with their low-beam headlights turned on in the daytime, as well as at night, during the Christmas and New Year weekends.

"We feel this 'Light the Way' program, particularly with widespread participation on the part of driver, will serve as a very meaningful reminder to others to drive safely," Speir said.

The DPS director observed that traffic deaths in Texas are cur-

Daily newspaper and television coverage has been naming a national organization headquartered in Colorado which has called for 100 per cent of parity and a strike of farmers to demonstrate the agriculture industry's cost-price problems.

The South Milam spokesmen note that parity is a "yardstick," an economic indicator relating farm prices with the cost of farm living and farm production to show the purchasing power of farmers.

One hundred per cent of parity would mean the farmer who performs "in a workmanlike manner and successfully copes with the weather" would be assured his crop would be sold in the marketplace at a price which would return his investment at a reasonable profit.

Worley and Fitts are urging area farmers to attend and support or join other farmers participating in the strike. No number of Milam farmers on strike was mentioned.

For weeks, voluntary organizations like the Colorado-based protest group have been driving through the downtowns of cities including Dallas and Washington, through President Carter's home community in Plains, Ga., and wherever public will note their signs and concern for agriculture's cost squeeze.

President Carter said he probably would join in the strike if he were still a peanut farmer in Georgia. Wisconsin Sen. William Proxmire has said he agrees with the farmer's plight and hopes such demonstrations will attract support for a better agriculture pricing structure.

The Independent Truckers Association formally announced it would endorse the farmers' strike and offered organizational help to any farmers' group in the country. American and Texas Farm Bureau have taken positions against the strike as has the National Farmer's Organization.

Milam area farmers met in September to discuss means to protest their price squeeze: cost of everything up and the price of commodities 60 to 70 per cent of a few years ago.

A tractor drive in the Temple area developed as well as a tractor strike drive in Hillsboro, both along I-35.

Similar tractor drives have occurred in almost every state capital in the past two months. And Washington itself has seen tractor caravans in city traffic lanes.

Milam spokesmen are asking farmers to hear proposals to strike which will be presented Monday night in Thorn-dale.

Currently running about 11 per cent over 1976, with much of this increase caused by the fact that three out of four motorists are violating the 55 mile speed limit. "On the interstate highways where nine out of ten vehicles exceed 55, traffic fatalities are up approximately 47 per cent from a year ago," the DPS director added.

During the "Light the Way for a Safe Holiday" program, Speir urged motorists to hold their speed down and refrain from drinking if driving. He also urged drivers to keep their vehicles under control at all times and avoid following too closely.

# British Churches Launch Anti-Racism Drive

By Jack Allen

LONDON

Reuter - Britain's churches have launched a concerted and unprecedented drive against racism in general and the Racist National Front Political Party in particular.

In the past few years, many church leaders and groups have attacked racism in individual speeches and statements. But this is the first time they have united to single out and attack a political party.

Before World War II Britain had another racist political party in Sir Oswald Mosley's British Union of Fascists.

The National Front has campaigned against the millions of non-whites who have come into Britain or been born here since the war.

As a Church of England official spokesman said: "The churches' attitude towards Mosley's fascists was muted compared with the present cohesive expression of abhorrence at the rise of a new right-wing party in the shape of the National Front. However, there is some anxiety felt about Marxists who have shown that they are also ready to take to the streets in pursuance of their own particular brand of violence."

Spearheading the new drive against racism and the National Front is the British Council of Churches, whose members include every major anglican, protestant and orthodox church in Britain.

The Roman Catholic Church is not a member, but is represented on the council by observer-consultants.

The council has just held its half-yearly meeting during which the 150 members, led by Archbishop Donald Coggan of Canterbury, who is spiritual leader of 65 million anglicans throughout the world, signed a six-point statement and affirmation which de-

clared:

"We believe the racist policies and racial activities of the National Front and other similar bodies are entirely contrary to the truth of the gospel and contrary to the true interests of this nation."

It added: "We believe that racial attitudes will not be defeated by violence on our streets, but by an open and unyielding commitment to freedom and racial justice for all."

The statement was introduced to the meeting by Dr. Kenneth G. Greet, secretary of the Methodist Conference and chairman-designate of the Executive Committee of the British Council of Churches, who said: "The activities of the national front are a stream drawing on murky waters and polluting the life of the nation."

The statement and affirmation are to be made available to churches and congregations throughout Britain for any use they may decide. They will be available for worshippers to sign and as an instrument to encourage discussion and achieve a new degree of commitment.

While the Council of Churches was meeting, more than 30 bishops representing four million Roman Catholics throughout England and Wales were meeting in London, also to discuss racial injustice and launch the second prong of the drive.

An official statement issued, afterwards said "The bishops reviewed the distressing tensions arising in British society through racial intolerance, notably the current controversy over the national front."

The statement said the bishops recognized that Britain now is a multi-racial society and wish to state "That any attempt either by individuals or by organizations to promote racial discrimination or to stir up racial hatred is in direct contradiction to Christ's command to love one's nei-

ghbor."

The third prong of the drive came from the National Church of Scotland in Edinburgh which has more than a million presbyterian members.

There the executive committee of the church's overseas council issued a statement saying there was an urgent need for church members and people of goodwill to be actively engaged in promoting racial harmony in every locality.

"By distorting facts the National Front is exploiting the present economic and social problems to further its racist aims," it added.

All these church leaders had ample background information about the National Front, which was formed 10 years ago.

But today, according to a survey by the department of government at Essex University in Eastern England, it is Britain's fourth largest political party, after the Ruling Labor Party, the Conservatives and the Liberals.

At the last general election in 1974 it put up only a few dozen candidates but it plans to field more than 300 candidates at the next election, which could come next year or in 1979 at the latest.

Meanwhile, it fights parliamentary by-elections and local municipal elections and earlier this year was triumphant over the liberals in 33 of 92 greater London council constituencies.

It reflects its flaws in leaflets which show its racist policies. At a recent by-election at Lewisham in Southeast London, for instance, its manifesto called for the repeal of the government's present race relations laws, which impose penalties for

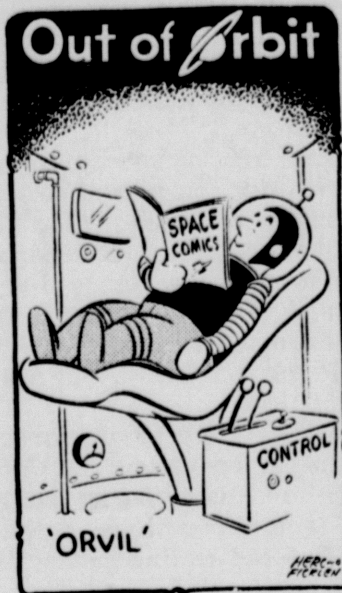

racial discrimination, the immediate repatriation of all immigrants convicted of crimes and separate education for whites and non-whites.

At Liverpool, in Northwest England, it issued a leaflet which asserted that "The British people will be replaced as the owners of these islands by half-caste mongrels."

National Front demonstrations marches and meetings in areas of dense immigrant population have prompted rival actions by such militant left-wing organizations as the Socialist Worker's Party. These have led to street violence.

Several Church of England bishops are vigorously outspoken against the National Front. One is Bishop Mervyn Stockwood, a socialist, whose diocese of southward embraces many areas with concentrated immigrant populations.

A few weeks ago he accused the National Front of having "Evil policies that are utterly opposed to the teachings of our Lord Jesus Christ."

## An Additional Span Maybe?

The tragic death of a 31-year-old woman in a two-car bridge collision 8 days ago marks up a priority that District management of Texas Highway Dept. might consider in the new 20-year project projection.

Though fatalities have not been more than 1 or 2 a year at, on or near the entrances to Little River Bridge, a mile of two-lane, two-way concrete across the old river bottom, the fatalities continue.

And traffic continues to increase in volume, Houston-to-Abilene particularly on SH 36 and additional load from the US 77 - SH 36 intersection through Cameron to the northward turnoff of US 77 to Waco.

Discussions about bypass have been dormant for years, but some years in the future, and not too many, the

traffic count will require building another span over Little River to handle the load. Perhaps it is feasible to consider that project sooner than later.

If we wait until traffic count compels a bypass like Taylor or Brenham, the load on that two-lane bridge may be beyond safety tolerances. We don't propose to know what it can safely carry.

But we know that trucks are longer and cars are smaller and drivers are impatient to pass on a span that long.

The present span was built about 30 years ago. A second one would assure safe passage over that river bottom for decades, if not a century from now.

A traffic count might be a start toward building the second span.

## If Not, Forget It....

A school board policy book is nice for guidelines, but those guidelines won't hold up in court.

That's what school officials said the other day in a continuing discussion on what should and should not be part of a CISD policy book for students, administrators and faculty.

The policy book they updated is longer to encompass a dresscode which includes prohibition of boy's wearing 'Mohawk haircuts' for example. Nobody has worn a Mohawk haircut in a public school for years, if not a couple decades, except perhaps some Mohawk Indians on reservation schools.

It is that kind of inclusion that gets the reasonable guidelines tossed out, as officials point out, in a court of law.

We agree guidelines are handy reference for administrators, but if administra-

tors are going to punish someone for a violation of dresscode, haircut or other personal dress or behavior outside normal classroom function, they had better advise the students what these guidelines are.

And if they advise guidelines which say boys shouldn't wear dresses or that girl's jeans must be seamed or that certain obscure hairstyles are inappropriate, the boys just might wear dresses or Mohawks or whatever else curious exception noted.

We recall one group of YHS'ers who confronted the school board of seven or eight years ago on hairlength enforcement, which in retrospect was a pointless waste of administrators' time in trying to enforce.

The old saw applies here: "If you put laws on the books, be prepared to enforce them. If not, forget it."

## Frenchman Claims Spaceman Encounter

By Peter Hulm

GENEVA

Two years ago, says French writer Claude Vorilhon, he had an encounter with beings from outer space who put up a proposal for a "world government" of Geniuses.

He met them, he says, in the crater of an extinct volcano near Clermont-Ferrand in Central France.

Mr. Vorilhon thought the idea was a good one. Now, with four other men from Western Europe, he is publicizing proposals for a new system of government claimed to be an advance on Democracy.

It is called "Geniocracy" and it means government by men of genius.

Mr. Vorilhon, 29, comes from Perigord in Western France. He has written a book called "Geniocracy", and four colleagues, including Swiss and Belgian citizens, have founded what they call a world geniocratic movement with headquarters in Geneva.

President of the movement is Jean-Claude Reville, a 28-year-old Swiss market researcher. The other three are a computer specialist, a psychologist and a businessman.

lons in the food industry alone. That's enough to fuel 140,000 automobiles for a year. And there no doubt would be additional savings in other industries.

But processors and manufacturers have been reluctant to knock off freight charges for customers who pick up their own merchandise. A major reason, it seems is that the FTC has issued advisories saying this might violate the Robinson-Patman Act which prohibits "discriminatory" discounts. If you have to pay the factory for a delivery, there isn't much incentive to pick up the goods yourself.

Senator J. Bennett Johnston (D. La.) has introduced Senate Bill 1699 asserting in effect, that it is lawful to charge someone for hauling their own goods. It would seem to be a bill fuel conservationists could support.

Apart from the geniocracy movement, Mr. Vorilhon is founder of a religious movement which believes its members should prepare for the official arrival on earth of extra-terrestrial beings.

The other four share his religious beliefs but say they do not want their religion to be linked with the movement. Mr. Vorilhon said although he wrote the book, he was not a member of the geniocracy movement.

When Mr. Reville addressed a press conference here, Swiss journalists operating in a country which has been praised for its advanced democratic state system were skeptical and noisy.

Undeterred, the little group pushed on with launching the new political movement and the book to a wider public, hoping to interest researchers and scientists at an international inventory exhibition here.

The two pioneers of "geniocracy" fired sharp salvos at Democracy at their press conference.

"What is called Democracy today is mediocrity," said Mr. Vorilhon who also participated in the conference.

Mr. Reville declared: "The vote of an Einstein is worth no more than that of the biggest fool on earth. As there are more fools than Einsteins, we are in a dictatorship of imbecility."

Mr. Vorilhon was questioned repeatedly about his encounter with beings from outer space, but always refused to go into details.

"Only a small part of their message, about half a page, dealt with geniocracy," he said. "They just suggested a world government of geniuses should be founded."

"We are not saying we are geniuses," Mr. Reville hastened to say. "I am president only temporarily, until someone more qualified comes along. We just support the plan for a geniocracy."

Only people with an intellectual potential of 10 per cent above the average -- about 27.5 per cent of the population -- would be allowed to vote. Only those who were 50 per cent above the average (about one half per cent of the population) would be able to stand for office in a geniocracy.

## Looking Back

From The Herald Of . . .

DECEMBER 12, 1901

Harry Ward and his company of artists presented a very creditable show at the opera house. The first part was with the whole company arranged in old-time minstrel style. Monroe Walt in his juggling act was a splendid feature. There was quite a wedding at the residence of John B. McLane when Mrs. Little, widow of Rev. J. N. Little, and Rev. Patterson were joined in wedlock. Andrew Morrison was charged with the murder of a woman in Navarro County and was sentenced to be hung at Waco on January 10.

DECEMBER 14, 1944

S. E. Brogan, Salvage Chairman for Milam County under the War Production Board gave information on the number of casualties suffered by men in service in this War area as 703 dead, 460 missing, 1175 wounded, and 428 prisoners of war. Brogan made an appeal for salvage by saying "if the housewives don't save all the waste paper, collect rags, and turn in used fats to the meat dealers, and if the men won't use their energy and ingenuity, yes, even money if need be, to move this paper rags, and fats into the war effort, it is no secret our casualties will increase for the lack of supplies. This work is fighting on the home front."

DECEMBER 17, 1953

Lone Star Gas Company was constructing a 13 mile pipeline which would tap the newly developed Gause Field in Milam County. Initial cost was in excess of \$212,000 with a capacity of 8 million cubic feet of gas daily. Funeral services were held Friday Dec. 18 for Lt. Col. Herman Gerick who was killed in the Dec. 11 crash of the B-36 bomber which he commanded. He was the son of Mr. and Mrs. Joe Gerick of the Ad Hall community

## 1977 Report Set For Cotton, Inc.

Cotton producers of the Milam County area will receive a report on the 1977 programs and accomplishments of Cotton Incorporated at a meeting Monday, January 9 at 9:30 a.m. at Rudy's Barbeque in Taylor.

The annual report meeting is one of a series to be held throughout the Cotton Belt to bring America's cotton producers up-to-date on how their dollars have been invested by Cotton Incorporated in research and marketing programs.

Cotton Incorporated is financed entirely with per bale assessments from the nation's cotton producers. Its activities are directed by a board of directors composed of producers elected from each of the 14 cotton-pro-

ducing states.

Kenneth Johnson of Hutto, an alternate member of the board of directors, said the annual report meeting is one of several steps being taken by the board to improve the flow of information on Cotton Incorporated's activities to all cotton producers.

"Our board made a careful study to determine how we can improve our producer information program to give cotton growers a better understanding of what Cotton Incorporated is doing with their funds to carry out research and marketing programs on their behalf," Johnson said.

The meeting will feature color motion picture giving a company-wide review of Cotton Incorporated's accomplishments in 1977.

## "Low Down" FROM THE Congressional Record

By JOE CRUMP

Senator J. Bennett Johnston, Jr. (La.) "I introduced the Diesel Fuel and Gasoline Conservation Act of 1977, S. 1699. We are in the process of arranging for a markup of S. 1699 in the near future.

"An editorial entitled, 'The Empty Truck Syndrome,' appeared in the Wall Street Journal in support of S. 1699. I ask unanimous consent to have the article printed in the Record." (The article follows):

The Empty Truck Syndrome We have a proposal to offer that happily conforms with the President's wish to save ener-

gy: Let trucks do more work. It seems that a lot of trucks drive around empty, wasting fuel, all because the Federal Trade Commission is afraid someone will violate the Robinson-Patman Act.

It works this way: Food chains and food wholesalers operate their own trucks to make deliveries from their warehouses to retail stores. Frequently, it would make perfect sense for a truck to go from its last store delivery to a nearby factory and pick up a load of pickles, beans, catsup or corn flakes to be hauled back to the warehouse. That way, the factory's truck would not have to make the delivery and return to the factory empty. And the warehouse truck would not have to return from its store deliveries empty.

The Federal Energy Administration estimates the potential fuel savings from eliminating this waste motion a 100 million gal-

# HAPPENINGS

Cameron, Texas, Herald, December 18, 1977, Page 3

A Resolution from the Board of Directors of the Community Development Agency to Mildred Thornton was presented by A. W. McCullin Wednesday. The document expressed gratitude to Miss Thornton for her years on the Board of Directors and thanks for helping the program to be successful. The presentation was made as a large number of well wishers, co-workers and friends filled the Agency office for a coffee held in her honor.

## Clubs In Action

### Cameron History Club Has Music Program

"Music for All Times" was the theme for the Christmas program on December 13 in the home of Mrs. J. R. Bush. Mesdames John Henderson, Roy Law, and John Martin were co-hostesses. Mr. Bobbie Hill, guest organist, and Mrs. Hill were special guests. Eight guests joined the fifteen club members for the afternoon's entertainment.

Mr. Hill, music major from Baylor University, and Mary and businessman in Bartlett, delighted his listeners with popular tunes from the late 1800's through the "fabulous seventies". "A Bicycle Built For Two", "White Christmas", and "Silver Bells" brought memories of good times and popular performers of another

day. Christmas carols ending with "May the Good Lord Bless You" climaxed an already enjoyable program.

The club members made Christmas contributions to the Melane Association for Retarded Citizens in Rockdale.

Following the program, the guests were invited into the dining room where refreshments were served from a beautifully decorated table. Mesdames Ed Magre and C. W. Wiese presided at the serving trays for cake and coffee.

### Booster Club To Meet Tuesday

The F.F.A. Booster Club will hold their monthly meeting Tuesday December 20. The meeting will be at 7:30 p.m. at the Ag Building. All members are urged to attend.

## Arts And Crafts Market Open

Christmas is a busy season at Austin's Renaissance Arts and Crafts market 'on the drag' west of the University of Texas at 23rd and Guadalupe Streets.

It is Texas' only year round market reserved exclusively for the arts and crafts and is one of only twelve such city-sponsored markets in the United States.

Each artist or craftsman must sell his own wares, providing the customer with the unusual opportunity to talk with the artist and learn something about the creation of his purchase. The market offers a large selection of high quality arts and crafts all year long including the work of several award winning Texas craftspeople.

The selection is particularly varied during the month of December when the city closes 23rd street daily from 8:00 a.m. until 6:00 p.m. to accommodate the increased number of craftsmen who come from all parts of Texas and the United States to sell.

Adding to the festive atmosphere are the strolling musicians, jugglers, magicians and food vendors who help provide Austin's residents and visitors with a unique and enjoyable place to shop and celebrate the Christmas Season.

## Open House Set For Yoe Library

The C. H. Yoe High Library Club will sponsor an open house from 8:45 a.m. through 3:45 p.m. Wednesday December 21. The public is invited.

**Holiday Watchwords:** Last minute shoppers might combine Christmas giving with Christmas feasting -- in gifts of meat. Among popular gift ideas are cured and smoked meat products, ham, bacon, and dry or semi-dry sausage, such as salami, thuringer or smoky sausage links.

## Comments From Chris

By Chris Holcombe  
Milam County Extension Agent

Raisins are the little big fruit for this holiday season.

Most raisins are sun dried. After drying, they are packed and shipped under a federal marketing standard. This prevents moldy or insect-infested fruit from reaching the grocery counter.

Raisins are a timely, yet versatile, holiday treat. They can be used to garnish salads, for stuffing poultry, or to decorate almost any holiday dish.

When friends stop by, invite them in out of the cold and serve a snack of warm spicy fruit, to take the chill off their bones.

Combine 11 or 12 ounces of mixed dried fruits 1/2 cup raisins, 4 cups water, 2 cups orange juice, 1 tablespoon quick-cooking tapioca, 1/4 teaspoon salt, 1/3 cup sugar, a 3-inch cinnamon stick, and 6 whole cloves in a large saucepan. Simmer, covered, until fruits are tender (about 30-40 minutes). Remove cinnamon and cloves and serve piping hot or chilled. Either way is a taste-delight.

For a more substantial snack, or as a welcome addition to holiday meals, try this easy raisin loaf:

You'll need 3/4 cup sugar, 1/4 cup softened butter, 1 egg, 1 tablespoon grated orange rind, 2 cups unsifted flour, 2 teaspoons baking powder, 1/2 teaspoon bak-

ing soda, 1/2 teaspoon salt, 1 cup milk, 1/2 cup chopped nuts, and 1 cup raisins.

Beat sugar, fat, egg, and orange rind until creamy. Mix dry ingredients thoroughly. Stir portions of dry ingredients and milk alternately into creamed mixture. Stir raisins and nuts into last portion of flour before adding to batter. Pour into 9 x 5 loaf pan and bake for 55 minutes or until batter no longer clings to a toothpick inserted in center. Cool in pan for 10 minutes and remove. Use your own "raisin imagination" for other dishes.

## Pre-Holiday Prices Drop On Few Items

Pre-holiday price drops on beef steaks, some vegetables and eggs will greet shoppers at Texas grocery markets this week, Mrs. Swendolyne Clyatt, a consumer marketing information specialist, reports.

Also, citrus supplies are larger with lower prices, and fryer chickens have attractive prices, she says.

Mrs. Clyatt is with the Texas Agricultural Extension Service, The Texas A&M University System.

Beef -- Some markets are featuring a variety of beef steaks -- wise buys possibly for those who have freezer space to hold "extras." Other good values include

chuck roasts and steaks, round and rib steaks, ground beef and liver.

Pork -- Spotlight items are chops and shoulder roasts. Other values are shoulder steaks, semi-boneless hams, smoked picnics, frankfurters, bacon and roll sausage.

Fresh Fruits -- Grapefruit is plentiful with economical prices. When comparing prices between five-pound bags and individual grapefruit, remember that a mediumsize grapefruit weighs about one pound.

Other economy buys include oranges, tangerines, apples, bananas and pears.

## Cameron Students Recieve Degrees

Two students from the Cameron area are mid-term graduates of Texas A&M University.

Texas A&M had a total of 1,571 fall graduates, mid-term record for the state's first public institution of higher learning.

Graduating with the honor of magna cum laude was Debra M. Ruzicka, biology, daughter of J. D. Ruzicka, Buckholts.

Receiving an undergraduate degree in zoology was John M. Chubb Jr., son of John Chubb, 506 East 9th.

## R-dale Athletic Assoc. Urge New Contract

Representatives from the Rockdale Athletic Association have voiced support for the RHS coaching staff at a school board meeting. Fred Johnson and Lew Simmonds resigned last fall as coaches following circumstances including a petition by the Rockdale football team which was presented to Supt. W. C. Vincent.

The players later withdrew the petition with no changes in the coaching staff. The Athletic Association hoped the school board would tear up the resignations and re-hire the coaches at the appropriate time. The resignations are effective at the end of the school year. M. C. White, president of the Athletic Association told the board that there were six hundred signatures on the petition and the

## Yoe Girls Turn Troy Around

The Yoe girls basketball game last week turned back a good Troy Club 50-36 with a 26 point second-half scoring spree. It was Evelyn Pittman who swished 25 points, backed up by Pam Kimbrel's 17 and Tulullah Green's 8 for the 50-point total. Troy, which beat the Cameron club 60-59 the week before, could find only 14 and 13-point performances in Bittner and Cooper. Troy coaches played 11 players in an attempt to turn the game around.

Vicki Brashear dominated the

## Deer Hunting At Night Poses No-No

Hunting deer at night has always been a serious violation to Texas Parks and Wildlife Department game wardens. A cold and windy night in November proved that and more.

Game wardens Butch Shoop of Wichita Falls and James Hale of Henrietta arrested two men from the Wichita Falls area for hunting deer at night.

After a thorough and lengthy investigation one of the hunters said they had killed a deer but it was too heavy for them to lift. More investigation by the wardens revealed that a calf, and not a deer, had been shot by a 30-30 rifle from a distance of 100 feet and again at five feet. The fence had been cut and the animal field dressed. Only then did the hunters realize it was too heavy to load and it was abandoned.

Both men were taken before the justice of the peace in Jack County and upon pleading guilty were assessed \$250.00 in fines for hunting deer at night.

On Dec. 8, 1977, the men were tried in district court, also in Jack County, and found guilty of criminal mischief, given two years probation and sentenced to pay \$750.00 restitution fee to the rancher.

## World Speedway Looks To 5 Major '78 Races

Five major National Championship races will be run at Texas World Speedway in 1978. This is the biggest schedule of major events ever held at the World's

## Yoe Girls Start Win Streak

Cameron Yoe girls basketball Thursday night started a win streak with an easy 49-31 win over A&M Consolidated.

Evelyn Pittman hit 18 points and Tulullah Green 16 while A&M's R. Treybig hit 12 and S. Longbrake hit 11.

Cameron went ahead 11-2 in the first quarter and finished with a 16 point fourth quarter to win going away.

Vicki Brashear again led in rebounds with 17, followed by Ramona Kelley with 11.

Yoe girls varsity now has won four of the last 5 games.

Cameron Jayvees turned the game around with A&M's TV in the second half, hitting 18 points to A&M's 6 moving into the lead to stay 26-20.

Denise Kelley hit 11 points, backed up by Betty Sue Chubb's 5 and Sheila Harris and Lethia White's 4 each. Kathy Huling hit 6 for A&M high point honors.

Denise Kelley grabbed 13 rebounds, Lethia White 12. A free-throw average of 28 per cent kept the game out of reach during the first three quarters. Yoe JV hit only 8 out of 28, coaches said.

Fastest Speedway since it was built in 1969. The schedule includes two Indianapolis car races and three stock car events.

The season opens on March 12 with 250-mile stock car race sanctioned by the United States Auto Club. The first part of the Third Annual Texas Race of Champions will be held the same weekend along with the Texas Tournament of Chili Champions Chili Cook-Off.

Saturday, April 15, the Indy cars come to Texas for a 200-mile tune up for the famous Indianapolis 500. Other racing events are planned for the following day to make a classic racing weekend for the campers and race goers.

The Sixth Annual Texas 500 stock car race will be held on Sunday, June 4 with practice and qualifications being held the day before.

## "I CAN OFFER A JOGGER MORAL SUPPORT, BUT GOOD ARCH SUPPORT IS EVEN BETTER."

My philosophy on the cosmos can boost a runner's morale, but my knowledge of arch supports won't make you jog any easier. For that variety of wisdom, run to the Consumer Information Catalog.

It's published by the Federal Government and lists over 200 booklets you can send away for. Over half are free. And all are wise. With tips on everything from appliance warranties to jogging and weight control.

So send for this free catalog. Write: Consumer Information Center, Dept. B, Pueblo, Colorado 81009. After all, wearing the wrong shoes for jogging can be just as silly as climbing the Himalayas in high heels.

## THE CONSUMER INFORMATION CATALOG

A catalog of over 200 helpful publications. General Services Administration • Consumer Information Center

The Indy cars return on August 6 for another 200 miller in quest for the Citicorp Cup, and the season finale comes on November 12 when the stock cars race 250 miles in the last race of their National Championship season. The second part of the Third Annual Texas Race of Champions will be run the same weekend to crown the Texas Stock NAR Racing Champion.

In addition to these major National Championship races for stock and Indy cars, the Speedway will have motorcycle, sports cars, and go-cart races on at least seventeen other weekends," announced Speedway President R. C. Conole. "We promised Texas race fans a big year in 1978 and we are now planning more than we promised. 1978 will be the biggest year in Texas Auto Racing history," he said.

Tickets and information are available by writing Texas World Speedway, P. O. Box AJ, College Station, Texas 77840 or by telephoning 713/693-2500.

## LEGAL NOTICE

Notice is hereby given that the Rural Electrification Administration has prepared a final Environmental Impact Statement in accordance with Section 102 (2) (C) of the National Environmental Policy Act of 1969, in connection with anticipated loan guaranteed for San Miguel Electric Cooperative, Inc., Highway 16 South, P. O. Box 280, Jourdan, Texas 78026, Brazos Electric Power Cooperative, Inc., 2404 La Salle Avenue, P. O. Box 6296, Waco, Texas 76706, South Texas Electric Cooperative, Inc., Victoria Regional Airport, Route 6, Building 102, Victoria, Texas 77901 and Medina Electric Cooperative, Inc., 2308 18th Street, Hondo, Texas 78861. The loan guarantees will provide for the construction of a 400 MW lignite-fired generating plant to be located 15 miles South of Jourdan, Atascosa County, Texas. The lignite fuel will be mined in Atascosa and McMullen Counties, Texas. The project also includes approximately 254 miles of 345 KV transmission lines, 195 miles of 138 KV transmission lines and 25 miles of 69 KV transmission lines located in Atascosa, Bastrop, Bell, Bosque, Caldwell, Dewitt, Falls, Frio, Goliad, Guadalupe, Jim Wells, Karnes, Live Oak, McLennan, McMullen, Milam, Travis, Victoria, Williamson and Wilson Counties, Texas. A copy of the final Environmental Impact Statement and the Environmental Analysis is available for public review during regular business hours at the office of the borrowers whose addresses are given above. Comments and/or review of these documents are invited on or before 30 days from the date of this notice. 82-1tc

## LEGAL NOTICE

**STATE OF TEXAS** To David Michael Stanley, and to all whom it may concern, Respondents, **GREETINGS:**

**YOU ARE HEREBY COMMANDED** to appear and answer before the Honorable District Court 20TH Judicial District, Milam County, Texas, at the Court House of said County in Cameron, Texas at or before 10:00 a.m. on the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of Luana Leigh Stanley, Petitioner, filed in said Court on the 21st day of October, 1977, against David Michael Stanley, Respondent, and the said suit being number 17,674 on the docket of said Court, and entitled 'In The Matter of the Marriage of Luana Leigh Stanley and David Michael Stanley and in the Interest of Cristy Leigh Griffin and John Christopher Stanley, Children, the nature of which suit is a request to dissolve the marriage of the Petitioner and the Respondent, to divide the estate of the parties, and to appoint Petitioner as the Managing Conservator of the Children. Said child, Cristy Leigh Griffin, was born on the 5th day of April, 1975 in Tacoma, Washington. Said child, John Christopher Stanley, was born on the 4th day of June, 1977 in Cameron, Texas. The Court has authority in this suit to enter any judgment or decree dissolving the marriage and providing for the division of property which will be binding on you.

The Court has authority in this suit to enter any judgment or decree in the children's interest which will be binding upon you, including the termination of the parent-child relationship, the determination of paternity and the appointment of a conservator with authority to consent to the children's adoption.

Issued and given under my hand and seal of said Court at Cameron, Texas, this 16th day of December, 1977. Leola L. Komar Clerk of the District Court of Milam County Texas BY: Dorothy Laffere Deputy 82-1tc

## LEGAL NOTICE

**NOTICE TO ALL PERSONS HAVING CLAIMS AGAINST ESTATE OF REUBEN H. FOX, DECEASED**

Notice is hereby given to all persons having claims against the Estate of Reuben H. Fox, which is being administered in the County below named, are hereby required to present the same to The Citizens National Bank of Cameron, Cameron, Texas, at the address below given, before suit upon same is barred by the general statutes of limitation before such estate is closed and within the time prescribed by law. The post office address is P. O. Drawer 111, Cameron, Milam County, Texas 76520. **THE CITIZENS-NATIONAL BANK OF CAMERON, CAMERON, TEXAS**

**XAS** William E. Kelm-Trust Officer - Independent Executor of the Estate of Reuben H. Fox 82-2tc

"When our integrity declines, our taste does also." La Rochefoucauld

## LEGAL NOTICE

**NOTICE** The Citizens National Bank of Cameron, Cameron, Texas, has filed an application for an auto-bank, drive-in facility to be located at 5th and Travis Street in Cameron, Texas. This application was accepted for filing on December 9, 1977.

Any person wishing to comment on this application may reply in writing to Michael Doman, Regional Administrator of National Banks, Eleventh National Bank Region, 1201 Elm Street, Suite 3800, Dallas, Texas 75270, within 21 days of this notice. This application is on file in the Regional Administrator's office in Dallas and is available for public inspection during regular business hours. 82-1tc

## CORN Facts & Fancies

The New World colonists of 1608 were so opposed to eating corn that they only accepted it when faced with starvation.

On Mindoro, in the Philippine Islands, some natives still believe that corn should be planted with the first sighting of a bobolink or oriole, and that if you laugh while planting it it will grow with spaces between the kernels.

In modern America, corn is protected from weeds by atrazine herbicides such as AATrex 4L. AATrex 4L is protected by a container that's designed to be easy to lift, to open and to pour. Its packages are tested under transportation and storage conditions.

## Holiday Hints

This season give your family and friends an old-fashioned English Christmas.

Bake a bean cake. In Elizabethan England it was traditional for everyone to eat a piece of a cake into which one bean had been baked. The person who found the bean in his cake was lauded as the bean-king on Twelfth Night.

**HAVE YOUR HOLIDAY CHEER** the old-fashioned English way this year.

If you have a fireplace, put a Yule log on the fire. Place an enormous Christmas candle on a high table and let it burn throughout the 12 days of Christmas.

Serve your guests a traditional English drink made with Beefeater gin. Distilled in London since 1820, Beefeater was first made by James Burrough, who was a true perfectionist. In keeping with a long tradition, a member of the Board of Directors of this family owned company tastes each batch of Beefeater before it's bottled. This season you can get it specially wrapped for the holidays.

If you have the time, make a plum pudding. If not, buy one. Either way you can give it a good old-fashioned look by pouring heated spirits over the warm pudding and setting it ablaze.

Thus we can all have a matchless, traditional Christmas, right out of Merrie Olde England.

## TEMPLE JUNIOR COLLEGE AT TAYLOR AND CAMERON

### REGISTRATION TIMES

Taylor - Wednesday, January 4, 1978, 6:30 p.m., Taylor High School Cafeteria

Cameron - Thursday, January 5, 1978, 6:30 p.m., Ben Milam Cafeteria next to Cameron's Yoe High School

Temple Junior College, in cooperation with the Taylor and Cameron Public Schools, will offer Czech, Economics, English, Government, History, Psychology, Sociology, Speech, Mathematics, and any credit courses for which at least fifteen students enroll.

Temple Junior College will also offer any credit free course for which at least fourteen students enroll.

It is important that any person wanting to take a course be present at the time of registration because it will be at that time that a decision will be made as to whether or not a course will be offered. This decision will be based on the number present who are interested in a particular course.

Students who want to take a course for credit and who were not enrolled in Temple Junior College in the fall of 1977 should file an application and immunization certificate and submit official transcripts from all colleges and/or high schools previously attended. The applications and immunization certificates may be secured from the Admissions and Records Office at Temple Junior College, or can be secured at Taylor and Cameron at the time of registration.

## SCOTT & WHITE

is currently taking application for:

**CUSTODIAN** - to be employed in housekeeping department performing general cleaning duties.

**COMPACTOR OPERATOR** - to operate compactor destroying all trash.

Hours On Above - 8-5, 7-4 rotate days off.

**OPERATING ROOM CUSTODIAN** - will do some cleaning, some patient contact. Day Hours. No Week Ends.

All the above positions are covered under an excellent benefit package; good opportunities and good working conditions.
